## Competition Determines Top Ten Omaha Employers

**OMAHA, Neb., March 24, 2006** - After evaluating nearly 8,000 surveys completed by employees in the Greater Omaha area, Right Management Consultants has determined the 2006 Best Places to Work.

Omaha's Best Places to Work competition, sponsored by the Greater Omaha Chamber of Commerce and Baird Holm LLP, encouraged companies to measure employee satisfaction by participating in a survey.

According to Scott S. Moore, partner at Baird Holm, "The goals of the competition are to honor companies that have created positive work environments; to recognize and share best practices; to promote Omaha and Omaha-area employers and to provide valuable feedback and data to participating companies to assist them in measuring levels of employee satisfaction and engagement."

Right Management Consultants is meeting with each participating firm and organization to discuss its results. The findings are intended to serve as the basis for increasing the satisfaction of employees, and therefore their engagement.

Chamber President and CEO David G. Brown said, "Ranking in this competition strongly indicates that these employers have work environments where employees are engaged and productive. This competition identifies best practices and helps to improve the overall work climate in Omaha."

The following firms will be honored at an April 27 luncheon at 11:30 a.m. celebration at Qwest Center Omaha, in conjunction with Baird Holm's 18th Annual Labor Law Forum.

Companies with 50-250 employees:

1. **Home Instead Senior Care**
2. **FirstComp**
3. **The Weitz Company**
4. **Cassling Diagnostic Imaging**
5. **SilverStone Group**

Companies with 250+ employees:

1. **Quality Living, Inc.**
2. **PayPal**
3. **NetShops, Inc.**
4. **Carlson Hospitality Worldwide**
5. **Hyatt Reservation Center**
