**Baird Holm LLP Honors The Hope Center for Kids as the
Best Places to Work in Omaha® Featured Nonprofit Organization**

Omaha, Neb. (April 11, 2016) - Baird Holm LLP, founder of the Best Places to Work in Omaha® initiative, along with its sponsor, the Greater Omaha Chamber, announced that Hope Center for Kids will be honored as the featured nonprofit organization at the Best Places to Work in Omaha awards luncheon on May 19, 2016.

The Hope Center for Kids is the fourth nonprofit organization to be featured at the Best Places to Work in Omaha awards luncheon since its inception in 2003. "We chose to highlight The Hope Center for Kids at this year's celebration because of the amazing impact they are having on the lives of young people in the community," said Baird Holm partner, Scott S. Moore. "These young people are the business leaders, fathers and mothers of tomorrow. The programs at the Hope Center provide young people lifelong skills and confidence to be successful, productive and happy in in business, family and life."

David G. Brown, President and CEO of the Greater Omaha Chamber, has taken note of the impact of the programs offered by The Hope Center for Kids on the greater Omaha community. "Children need positive role models to show them that they can succeed. The Hope Center does just that – they give kids hope, inspiration and support they need for success in their education and their career."

"The Hope Center for Kids has been able to thrive because of the consistent support of our community and the work of our incredible staff. That's why in 2016 we'll see the largest graduating class in Hope Center's history. That means more young people graduating high school, going on to secondary education and landing a career they love," commented the Executive Director of The Hope Center for Kids, Brenda Block. "We are so honored to be recognized, especially with so many amazing nonprofits in our city. This is truly a reflection of the quality of our staff and the dedication they have for the mission of The Hope Center for Kids."
