FOR IMMEDIATE RELEASE

Baird Holm LLP and ICAN Name OneWorld Community Health Centers Recipient of the Best Places to Work for the Advancement of Women Award

OMAHA, Neb. (April 20, 2018) – Baird Holm LLP and the Institute for Career Advancement Needs (ICAN), respective founder and sponsor of the Best Places to Work for the Advancement of Women Award, are pleased to announce this year's winner – OneWorld Community Health Centers. OneWorld Community Health Centers is an accredited ambulatory care clinic and certified Patient-Centered Medical Home providing a vast range of services in health care, dentistry and behavioral health. The award will be presented at the 2018 ICAN Women's Leadership Conference on May 15, 2018, at the CenturyLink Center Omaha.

This is the ninth year that the Advancement of Women Award has been presented to recognize a local company that has effectively created a culture that attracts, retains and advances women in the workplace. OneWorld Community Health Centers actively fosters leadership development at each level and with every employee, through various formal mentoring programs, individual growth plans, life skill development opportunities and community involvement.

"OneWorld is doing fantastic things to ensure that women have the opportunity to advance and thrive in the organization. Through formal succession planning, leadership training programs, and tuition reimbursement opportunities, OneWorld provides its women—and men—with vital tools for career progression. But they don't stop there. OneWorld further empowers women by offering life skills seminars that help provide its single and working mothers with confidence and self-sufficiency. Programs on financial independence and stability, personal branding, and mindfulness all reflect OneWorld's commitment to its employees on both personal and professional levels," said Baird Holm Partner Kelli Lieurance.

This is the first time OneWorld has been named as the recipient of the Best Places to Work for the Advancement of Women Award. They also were named this year as the fifth place winner in the large company category for Best Places to Work in Omaha®.

"OneWorld's overall approach to its employees is one of empowerment. By providing women with tangible business, leadership, and life skills, women not only succeed in their work lives, but in the home lives as well," Lieurance said.

"We live our mission and support our employees as they our greatest strength. One of the great things we can do as women is to support and grow other women. This happens every day at OneWorld; we walk the talk and empower our employees to reach for their dreams. When our employees are appreciated, and championed, we know that our patients will receive the best care," said OneWorld Chief Executive Officer, Andrea Skolkin.

"ICAN and Baird Holm have partnered on this award for nine years to recognize companies that honor and advance women leaders. We are delighted to be celebrating OneWorld Community Health Centers this year for attracting, retaining and advancing women in their organization," said ICAN President & CEO, Susan Henricks. "We look forward to presenting them with this award at our 25th Anniversary ICAN Women's Leadership Conference."

About Baird Holm

Baird Holm LLP's integrated team of more than 85 attorneys, licensed in 23 states, is committed to connecting each of its valued clients to the positive outcomes they seek. With extensive and diverse expertise, we leverage each other's skills to respond efficiently to our clients' local, regional, national and international legal needs. We are proud to represent public and private companies, individuals, private funds and other investors, financial institutions, governmental entities and nonprofit organizations. Rooted by the promise to constantly evolve in anticipation of our clients' rapidly changing needs, Baird Holm has enjoyed steady and measured growth since its founding in 1873.

About Institute for Career Advancement Needs

The mission of the Institute for Career Advancement Needs is to develop inspired, authentic business leaders to transform the organizations and communities they serve. For more than 35 years, ICAN has developed authentic leaders who create limitless possibilities for themselves and their organizations. Our leader development programs include Defining Leadership and IMPACT, along with individual and team development through on-site customized services, trainings and dynamic conferences and Leadership Exchange Events. Nearly 4,000 women and men have graduated from ICAN programs. ICAN inspires bold thinking, expands capacity and builds leadership networks that define the future of business. About OneWorld Community Health Centers

OneWorld believes that everyone deserves access to the best health care possible, regardless of economic or insurance status. They provide a vast range of services in health care, dentistry and behavioral health and focus on meeting the primary health care needs of our community, and maintain an open-door policy, providing treatment regardless of an individual's income, insurance coverage, without differentiation or consideration of race, sex, disability, national origin, religion, sexual orientation, gender identity, immigration status or ability to pay.

OneWorld is accredited by the Joint Commission as an ambulatory care clinic, is certified by the National Committee for Quality Assurance (NCQA) as a Patient-Centered Medical Home (PCMH), certified by the Human Rights Campaign (HRC), and maintains a State of Nebraska Public Health Clinic and other license. OneWorld maintains professional liability insurance through the Federal Torts Claim Act (FTCA), and additional coverage.
